

## A NEW CREATION

CUT OUT AND PUT IN THE CORRECT ORDER

Allah created a new creation called **MANKIND**, but the angels were worried that they would cause mischief/trouble upon the earth.

Allah created Adam [AS] from soil gathered from various parts of the earth including black, white, red and other colours, moulding him from clay.

Adam [AS] was the **FIRST MAN** created by Allah's own hands, with Allah breathing into him with the soul he created and taught him the names of **ALL** creation.

After breathing life into Adam, Allah **COMMANDED** the angels and Iblis, who was among them, to **PROSTRATE** to Adam.

The Angels prostrated themselves but Iblis (Shaytaan/Satan) **DID NOT**, he refused. Iblis was **JEALOUS & ARROGANT** and became one of the disbelievers. When asked why he refused to prostrate, Iblis **DECLARED HIS ARROGANCE** and that he was better than Adam. He did not only disobey Allah by not prostrating when commanded to, but also attempted to justify his disobedience by declaring that he was more superior.

Iblis is a Jinn, a different creation from mankind and the Angels. Jinn were created from a smokeless fire, Angels from light and mankind were created from clay/soil.

Iblis said that he was better than Adam as Adam was created from clay but Iblis was created from a smokeless fire, he was **PROUD**.

Due to Iblis's **DISOBEDIENCE**, Allah **EXPULSED** him from Jannah and **CURSED** him until the Day of Judgement.

Iblis asked for respite until the **LAST DAY** (day of resurrection) and sought to harm mankind from all angles and **MISLEAD THEM** except for a few due to the extreme hate he had for mankind.

Allah granted Iblis's request for respite until the Day of Resurrection, but he and those who follow him from among humans and jinns will be destined to abide in Hell as their final abode.

Allah expelled Iblis from the heavens as a punishment for his **DISOBEDIENCE**.
